

Developed in partnership with Lancer Worldwide, the Smartender Self-Serve Duo provides your guests with the ability to pour their own drinks, alleviating bar congestion. Coupled with Smart Bar's Self-Serve QR code dispensing technology, this product provides consistent cocktails that can be poured without any bartender.

Features & Benefits

Smartenders equipped with Smart Bar Self-Serve technology allowing patrons to self-pour their beverage.

Fully self-contained unit with onboard water, water filter, waste, liquor supply, mixer supply, ice dispenser, Co2, and carbonator/chiller.

On-Screen liquor low and empty notifications.

Adjustable mixer bay designed to hold the most common Coke and Pepsi Bag in Box sizes.

Patented pouring nozzle provides high quality product taste for all ingredients.

Remote machine management and reports via the Smartender Ops Service when online during use.

Simultaneous pouring of liquors and mixer result in an average pour time of 4 seconds per drink.

Accurate liquor pours to within 1/16th of an ounce.

Specifications

Liquor Capacity	8 different liquors, 3 bottle capacity each
Mixer Capacity	6 different Bag in Box mixers
Water Capacity	17 Gallons with Filter
Waste Capacity	7 Gallons
Co2 Capacity	20 LB
Ice Capacity	180 LB capacity ice dispenser
Electrical	120V/208V 30AMP, 10' power cord L14-30P.
Regulatory	Individual ETL Electrical and Sanitation
Dimensions	112.25in L X 41in D X 74.5in H
Weight	1600lb Loaded (weight subject to change)
Display	Two, 15" Capacitive Touch Screens
Connectivity	2.4/5.0 GHz Wireless, LAN
HID Connectivity	2D barcode scanner.
